Re: PM 1697  
Electrical Smoking Article with Improved Flavor Delivery  
And Method for Making Same

Dear Mr. Dahl:

We enclose comments from Mary Ellen Counts on the first draft of the above-identified application.

Comments from the remaining inventors will be forwarded upon receipt.

Please add to the draft a claim which specifies the cartridge structure itself, with as few as possible recitations of how it cooperates with the heater.

We enclose a copy of letters dated June 17 and March 18, 1993, regarding possible claim constructions to a cigarette cartridge. Please confer with Jeff Ingerman accordingly.

Foreign filing of PM 1550 is scheduled before September 11, 1993. I would like to get this case filed in the U.S. at or about the end of July so that foreign filing of PM 1550 and PM 1697 may be coordinated, which includes the possibility of them being combined.

Thank you for your attention to this matter.

Very truly yours,

Charles E. B. Glenn
